A cross-sectional view of a medical device assembly 50. The assembly includes a central shaft 40 with a distal tip 42. A sleeve 22 is positioned over the shaft, with a proximal flange 23. A seal 46 is located between the shaft and the sleeve. A component 48 is shown in a cross-section, and a component 44 is shown in a cross-section. The assembly is shown in a cross-section, with the shaft 40 and sleeve 22 being the main components. The sleeve 22 has a proximal flange 23 and a distal end 44. The shaft 40 has a distal tip 42 and a proximal end 46. A seal 46 is located between the shaft and the sleeve. A component 48 is shown in a cross-section, and a component 44 is shown in a cross-section. The assembly is shown in a cross-section, with the shaft 40 and sleeve 22 being the main components.
